

LONG RANGE FPN STRATEGIC PLAN 2021-2024

VISION

Western NL family physicians, patients, and other primary health care providers, working together for an effective and sustainable system.

MISSION

Western NL family physicians, committed to innovation and collaboration, in providing excellent quality care and in enhancing professional satisfaction of our members.

VALUES & PRINCIPLES

We respect and value the separate and shared knowledge of all providers, as we work together to achieve the best possible patient outcomes.

We respect all members and will work to create meaningful connections within our local family physician community.

We value innovation and challenging the status quo.

We will collaborate with our RHA to improve patient access to coordinated health care services and supports.

We will make a difference in every community we represent.

We govern with transparency, dignity, and respect.

We are stewards in the responsible management of FPN and health care resources.

We will work with our RHA and community partners to support local solutions in improving the health of our residents.

We value practical and realistic approaches.

We value long-term relationships with patient and their families and will work together to provide comprehensive patient-centered care.

We strive for equitable representation and a clear and fair distribution of duties in the leadership and governance of the FPN.
