

## **FAMILY PRACTICE RENEWAL PROGRAM**

### **Endeavor FPN Holiday Edition Updates and Opportunities**

December 2019

### **Welcome!**

For 2020 we continue to aim for purposeful communication, without adding to your ever-growing email/communication and evaluation burden ...

Our current plan is to send you three FPN 'newsletters' and three FPN 'opportunities and updates' over the course of the year. We are also overhauling our FPN website (January 2020) to better inform Family Physicians of events and link you to resources which are of value to you in your practice.

Today's communique is an FPN 'opportunities and update.' Each topic includes a hyperlink to allow for quick navigation to the information that piques your interest.

Please see updates below and keep in mind FPN member time is reimbursed for all working group and related support.

---

## FPN Program Update & Evaluation

We are excited to announce over 90 physicians have joined the Endeavor Family Practice Network. Additionally, 42 physicians attended our first AGM & Engagement meeting on November 13, 2019. This fantastic momentum is a direct result of family physicians leading and supporting this initiative.

Click the link to see our evening evaluation.

## FPN member opportunities

### **Peer Mentorship**

Are you a potential Peer Mentor? Do you know someone who would be an excellent mentor or support for other physicians in our community?

\*Physician time is reimbursed for mentorship with opportunities for additional education and training support.

### **Patient-Centred Priorities**

We are looking for two Family Physicians to join our working group on this topic. Specifically, we would like this group to provide guidance to existing projects as well as help us identify other areas which can impact both physician practice and their patients. If you have an interest or would like to know more please contact [kimbutler@endeavorfpn.com](mailto:kimbutler@endeavorfpn.com).

## Eastern Health FYIs

In 2020 we aim to improve communication between family practices and Eastern Health. One aspect of this includes updating members on new services or service changes. Stay tuned for future newsletters as we expect this section to grow significantly.

### **INSPIRED COPD Outreach™**

INSPIRED COPD Outreach™ is an Eastern Health program designed to better manage COPD patients within a home setting.

### **Paramedics Providing Palliative Care**

Paramedics Providing Palliative Care is a new initiative in which trained paramedics provide palliative care patients with the in-home support they require when having a palliative emergency.

### **Provincial Home Dementia Care Program**

The goal of the Provincial Home Dementia Care Program is to help support people with moderate to advanced dementia and their caregivers at home, to avoid unnecessary visitation to the emergency department or premature placement in long-term care.

## Clinic Lunch Opportunity

Please let us know if your clinic is interested in a lunch meeting. Our aim is to share our work and gain a better appreciation into issues that are important to you and your clinic. Please contact [kimbutler@endeavorfpn.com](mailto:kimbutler@endeavorfpn.com) to book your clinic lunch session in the new year.
