

FAMILY MEDICINE

LECTURE SERIES

FEBRUARY 2022

FRIDAYS,
8:00-9:00 A.M. NST

LEARNING OBJECTIVES

Medical Termination of Pregnancy

- Discuss medical termination of pregnancy in Canada
- Explore indications and contraindications of medical termination of pregnancy
- Develop an approach to outpatient medical termination of pregnancy
- Discuss tools for practice relevant to medical termination of pregnancy

Sexual Assault Evidence Kits and Giving Evidence in Criminal Court

- Summarize evidence-based recommendations for the appropriate care of sexual assault victims
- Discuss what a sexual assault evidence kit is and how it is used
- Recall how to effectively deliver testimony in court

Provincial E-Mental Health Services

- Identify e-mental health services in NL
- Carry out appropriate referrals to e-mental health services in NL

Heart Failure with Preserved Ejection Fraction (HFpEF), Reduced Ejection Fraction (HFrEF) and Everything in Between

- Select appropriate medications to treat symptomatic HFpEF and HFrEF, with a focus on guideline-directed medical therapy
- Differentiate patients with HFpEF and HFrEF from those with heart failure symptoms and a normal EF
- Determine the appropriate investigations for a new diagnosis of heart failure
- Summarize advanced care options, including devices, and when to refer
