

DATE: OCTOBER 23, 2023
GENDER AFFIRMATIVE CARE
GENDER DIVERSITY IN PRIMARY CARE

Gender Diversity in Primary Care is a prerequisite to part 2: Gender Affirming Health Care, coming in 2024.
[To attend part 2, you must first attend part 1: Gender Diversity in Primary Care.](#)

LEARNING OBJECTIVES

At the conclusion of this program participants will:

- Acquire increased knowledge of 2SLGBTQIA+ communities and gender diversity.
- Identify and have increased understanding and competency regarding inclusive language.
- Recognize and have an ability to create and maintain inclusive clinical space.
- Know how to access relevant, evidence-based resources, as well as have knowledge of pertinent community-based resources.
- Identify and better understand transition-related health care services.
- Identify medical interventions in transition-related health care services.
- Recognize how to offer culturally competent care in the context of the lives of trans and gender diverse patients.

This one-credit-per-hour group learning program has been certified by the College of Family Physicians of Canada and the Newfoundland and Labrador Chapter for up to 3 Mainpro+ certified credits.
