

# FAMILY MEDICINE

## LECTURE SERIES

JANUARY 2024

FRIDAYS,  
8:00-9:00 A.M. NST

### LEARNING OBJECTIVES

#### Acute Eye Concerns in the ER

- Differentiate between preseptal and septal cellulitis based on their clinical features and investigations.
- Describe a systematic approach to diagnosing the red eye
- Identify symptoms of retinal detachment and discuss the role of POCUS in the diagnosis
- Develop the ability to effectively differentiate between common acute eye conditions using diagnostic tools such as the slit lamp, tonometer, and point-of-care ultrasound (POCUS)

#### Mild Cognitive Impairment vs. Major Neurocognitive Disorder

- Differentiate between Mild Cognitive Impairment (MCI) and Major Neurocognitive Disorder
- Recommend appropriate pharmacological and non-pharmacological management of MCI

JANUARY 19  
DR. MICHAEL CURRAN

ACUTE EYE  
CONCERNS IN THE  
ER

JANUARY 26  
DR. KATHLEEN  
O'DONNELL

MILD COGNITIVE  
IMPAIRMENT  
VS. MAJOR  
NEUROCOGNITIVE  
DISORDER
