

FAMILY MEDICINE LECTURE SERIES

NOVEMBER 2025

FRIDAYS,
8:00-9:00 A.M. NST

LEARNING OBJECTIVES

Hypertension Canada 2025 - Primary Care Guideline

- Describe the updated definition and treatment goals for hypertension based on the latest Canadian guidelines
- Apply practical tools and strategies to improve the diagnosis and management of hypertension in primary care settings

Oral Health and Systemic Health: Barriers and Supports

- Describe the importance of oral health and systemic health, including the relationship with diabetes and cardiovascular conditions associated with the inflammatory response
- Describe barriers to including oral health assessments in primary care
- Introduce standardized oral health assessment tools available for non-dental health professionals to support preventive and integrated primary care

STEMI Pathway

- Recognize STEMI and its evolution on an Electrocardiogram
- Recognize STEMI mimics on an Electrocardiogram
- Recognize the contraindication to thrombolysis
- Discuss the STEMI pathway and acute treatment of STEMI in rural sites
