

# FAMILY MEDICINE LECTURE SERIES

MARCH 2026

FRIDAYS,  
8:00-9:00 A.M. NST

## LEARNING OBJECTIVES

### Overview of MyHealthNL Powered by MyChart

- Explain what MyHealthNL powered by MyChart is and what it means for Family Providers ahead of April 2026
- Identify what health information patients will access through MyHealthNL
- Understand how sensitive notes and the hide from MyHealthNL designations work in CorCare
- Recognize patient-facing features and tools and how to direct patients to appropriate support resources

### Recognizing and Responding to Child Abuse in Primary Care

- Define child abuse/maltreatment, list various types and recognize associated risk factors
- Discuss federal and provincial child protection legislation and outline reporting requirements
- Recognize, assess and document potential signs and symptoms of suspected child abuse
- Describe appropriate steps to take when reporting suspicion of child abuse to appropriate authorities
- Identify appropriate provider resources for facilitating the reporting of suspected abuse and providing ongoing support for the affected child/family

### The Diabetic Foot in Newfoundland

- Review the current landscape of diabetic foot outcomes in Newfoundland
- Review clinical pathways for rural and urban Newfoundland
- Differentiate between the vascular foot and the diabetic foot
